Specialties

Rapid prototyping of advanced web applications, collaborative software , community driven development and Free Software management & licensing .

About me

I strive to provide freedom and control to computer users through writing high quality Free Software, working against software patents and DRM, and working for open-standards for protocols and file formats.

Free Software engagements

Etherpad Foundation / 2010-03-01 - 2012-01-01
Lead developer

Work experience

FreeCode AS, Norway / 2007-01-01 - Present
Free Software Consultant

Published Free Software: SketchSpace, Appomatic

Python/Django, PHP/Drupal, NodeJS, jQuery, Dojo, Oracle, MySQL, PostgreSQL, Subversion, Git, OpenLDAP, Samba, Xen, RT3, Rails

uAnywhere, Australia / 2006-06-09 - 2006-09-09

Linux programmer/System developer
Python, PHP, C, OpenLDAP, Samba, MySQL, PostgreSQL, OpenWRT, Oscilloscope, Soldering iron

AB TakeIT, Sweden / 2003-01 - 2005-07

Linux programmer/System developer

Published Free Software: Grimoire

Python, C, Prolog, Scheme, Postscript, LaTeX, XSLT, OpenLDAP, PostgreSQL, OpenSSL, Arch/TLA, GIMP, Xfig, Inkscape, Autotrace

IDA, Linköping University, the WITAS project, Sweden / 2002-06 - 2002-12

Technician (Programming, Windows and Linux administration)
LISP, C, Arch/TLA, CVS, SDL

MandrakeSoft SA, France / 2001-06 - 2002-06

Linux programmer

Published Free Software: Aurora

C, Python, CVS, Gtk+, Linux frame buffer, GIMP

HERN Labs AB (Now Opera Software AB), Sweden / 2000-08 - 2001-06

Linux and Windows programmer
C++, CVS, VC++

Nyströmska Skolan, Sweden / 1998-06 - 1998-09

System co-administrator
Novell Netware

Söderköpings Tekniska Dator Support, Sweden / 1997

Software installer, on site hardware set-up
